

## Dig Your Neighborhood? Then dig this...

Planning to dig on your property? Help keep the neighborhood you love—and its residents—safe by contacting DigNet of New York City & Long Island at least 48 hours before you dig to have underground utility lines marked.

This **free service** will help you avoid service interruptions, costly property damage, or injury. If contractors are doing the digging, it's their legal responsibility to call. Don't have a yard to dig on? You can also contact us if you notice construction work happening in your area and suspect lines haven't been marked.
