

Dig Your Neighborhood? Then dig this...

April is National Safe Digging Month. If you are planning to dig on your property, help us celebrate by contacting DigNet of New York City & Long Island at least 48 hours prior to have underground utility lines marked. Remind your neighbors and friends to do the same.

This **free service** will help you avoid service interruptions, costly property damage, or injury. If contractors are doing the digging, it's their legal responsibility to call. Don't have a yard to dig on? You can also contact us if you notice construction work happening in your area and suspect lines haven't been marked.

To learn more, visit:
